Political Chat.

It will get there-the republican ticket.

Let every republican vote. It is his duty to do so.

W. L. Nixon has already distanced his competitor in the treasuryship race. The county never had a more vigilant officer than Sheriff Naill. He is the

county's choice for re-election. The republican central committee members report the success of every man on the republican ticket already assured.

There are no union labor or prohibition tickets in the field to complicate lieve. matters-nearly everybody will vote the republican ticket.

Hope Herald: Hanks, oh, where is he! The democracy will have to offer a reward for the missing candidate or Walter Nichols' majority will be too big to carry.

Hope Herald: The same Naill that closed Harnish's coffin in '87 will secure the lid on Pat Sheeran's in '89. It is neither bent or rusty and will be driven home in fine shape.

Hope Herald: One week from next Tuesday the usual republican avalanche will occur in Dickinson county. Democrats who want to escape injury should stand well from under.

Hope Dispatch: We wish to say to our republican friends, do not let any one influence you to vote for a single democrat. Our ticket is a republican ticket and the men on it are all of the best men in the county. Vote the your friend does the same thing.

Hope Dispatch: If the farmers do not hang together on Nixon it will show that the cry usually made is without foundation. Let every republican farmer, not only see to it that his vote is for Nixon, but he should see that every republican in his neighborhood is out at the polls, for Hallam is expecting to get in only by republicans staying at home.

THE FARMERS RUN IT.

The present republican campaign seems to be pretty much of a farmer's campaign. Every township in the county has one central committeeman and two auxiliaries; the chairman of the central committee, ilon. J. S. Hollinger, is a farmer and they are making it essentially a people's campaign Every farmer, therefore, should come out at the polls Nov. 5th and vote for the candidate of his choice .- [Herington Times.

WE'LL MAKE IT 1,000. The Dickinson County News advises

democrats to stick to the party and yote the "straight ticket" and believes that to be the proper thing to do. That's right; and at the same time that is a good thing for democrats to do, it is also a good thing for republicans to do. We see no more occasion for the republicans to scratch their ticket than for the democrats to scratch theirs. Vote it "straight" and every man on the republican ticket will be elected by aix to eight hundred majority .- [Herington Times.

Accountants are hard at work this afternoon taking a record of the bank's condition. All that is asked is that the creditors are lenient and the bank be given time to so arrange matters that they can meet their indebtedness.

A number of important local enterprises are backed by the firm and indications are this afternoon that such arrangements will be made that nobody will experience more loss than is neccessarily connected with the inconvenience of a temporary closing of the mand and the members of Abilene
